

Gloriumptious Dahl Home Learning Spring 1

Here are 6 ideas for Home Learning activities. Aim to complete as many of the tasks as possible.

You can present what you have completed in any way you wish (poster, written notes, pictures). Please bring in completed home learning on 20th February so that your child can share their work with their class teacher.

Reading/English

Choose another Roald Dahl book that you would like to read. If you don't have any then you can get one from the library in North End. Either try to read it yourself or ask an adult to read it to you as your bedtime story. Did you enjoy this book? What was your favourite character or part?

Maths

To start this half term we have been learning about money. With your grown-ups permission, we would like you to look at the different coins. Can you name each coin? Can you make a given amount? You could make this into a game with your family or if you have some pennies saved up can you buy something from the shop and give the correct money?

Geography

We would like you to find out about the four seasons. What are the names of the four seasons? What is the weather like in each of them? You could draw pictures to show what our local environment looks like in each. For example: what the park looks like or your garden.

Art

Draw with Quentin Blake! Quentin was the illustrator for almost all of Roald Dahl's books. Watch the videos where he talks about his drawings and shows a step by step guide on how he creates his illustrations. Why not watch and pause the video so you can have a go too!

Music

A few of Dahl's books have been adapted for films or plays. One example of a play is the book Matilda. Listen to some of the excerpts from Matilda the Musical. Which songs do you like best? Why?

Dragon Value - Independence

A new year brings a new start to try something new! We can link this to our Independence school value.

Is there something that you want to be more independent with?

This could be riding your bike, getting your things ready for school or tying your shoelaces. Let us know how you are getting on with being more independent!
