

## Twisted Tales Home Learning

Here are 12 ideas for Home Learning activities. If your child is attending school, then you can still explore these activities although they will also be covered in class. For those children learning from home please complete as many ideas as you can manage to support learning whilst your child is not at school. **Each week we will be giving a guide of the learning activities to focus on. This will be indicated on the weekly home learning information. However, you may prefer to work through these activities in an order and at a pace that suits you.** Please record your learning in whatever form you wish. Below you will also find the username and password for the website Busy Things where additional activities will be signposted. Purple Mash will also have weekly 2Do's.
