

### ***Pollution Solution***

Do some research about pollution and find out how we can combat it.

Share what you have learnt with your family, and then work together to come up with a way to make a difference.

### ***Something Old, Something New!***

Using older items, which you might otherwise throw away, or pass to a charity shop, make something new.

You could design a new outfit, a bag, a storage box, a musical instrument, a plant pot ... ANYTHING. Use your imagination!

### ***Bee Wise!***

Bees are incredibly important... but why?

Research bees, and come up with an exciting way to present your findings.

### ***Poster***

Design a poster to advertise:

Earth Day  
Recycling

Caring for the Planet

Or anything else linked to Earth Day.

## **Earth Day Challenges**

**It is Earth Day on Wednesday 22<sup>nd</sup> April. Have a look at these challenges and choose one, or more than one, to try.**

### ***A world of your own***

Create a model or picture of the Earth.

Can you knit it? Sew it? Collage, papier mache, draw, paint ...

You can use ANYTHING, so be creative.

### ***Mind How You Grow!***

Plant some seeds, or check out the year 5 Home Learning area and find out how to grow your own food from kitchen scraps.

### ***Bugs, Birds and Bees***

Design and create a bug hotel, a bird feeder, or a bee friendly area for your garden.

If you don't have a garden, bee creative. You could draw your dream design, or make something for a communal area.

### ***Green Peter?***

These activities could help you earn a Green Blue Peter Badge.
