

PARK & STOMP

King's Academy College Park

Our School Street will reduce traffic around the school by restricting vehicles at drop-off and pick-up times. This will help you, your children and local residents enjoy safer, healthier, quieter routes with cleaner air.

During the School Street, Lyndhurst Road and Crofton Road, between Kirby Road and Stubbington Avenue, will be restricted to essential, emergency, pre-arranged and residential vehicles.

Please walk, cycle or scoot to school. If you need to drive, please 'Park & Stomp' further from school and walk the rest of the way. The map indicates roughly how far to walk within the marked areas. Please park responsibly and always consider access for local residents.

-  **NO PARKING**
-  **LIMITED PARKING**
-  **PARKING**
