Parent Survey

Dear Parents and Carers,

You may remember in June we asked you to complete our survey and the results were published in our newsletter on Friday 22nd July 2022.

Since then, we have continued to make improvements based on the feedback we received including the following:

- We are continuing our journey as a United Against Bullying Silver Status school, by gathering pupil ideas and thoughts, training staff and taking part in Anti-Bullying week
- We have published our coverage of the curriculum in our curriculum newsletters along with curriculum parent meetings in September so that families are more aware of what their child will be learning in school
- We have responded to concerns about homework by making these paper based and more creative with links to the current learning
- With a new leadership structure, concerns are being managed in a more streamlined way, with the child's class teacher as the first point of contact
- We have appointed a new SEND learning support assistant, Mrs Farrell, who will be working alongside our SENCo, Miss Pincombe, ensuring that all of our pupils are given the support they need
- We promote our high expectations through the use of our school values and our celebration assemblies which are held on a weekly basis
- We have introduced our new after school clubs to offer our pupils a greater range of opportunities to engage in a range of activities at no extra cost to our families

As always, thank you for your continued support. We know that we won't always get everything right, but we will continue to strive to do our best for our families and ensure that our pupils learn in a safe and happy environment.

Many thanks

Mrs R Carlyle
