### **NSPCC Number Day**

Dear Parents and Carers,

We are taking part in this year's NSPCC Number Day taking place on **Friday 3rd February**. We are inviting pupils to come to the school in fancy dress to celebrate launches in the infant school.

**Years 2 - 6 are invited to come in dressed as rock stars to launch Times Tables Rockstars in Year 2.**

Times Tables Rock Stars is a carefully sequenced programme of daily times tables practice. Children love playing it and it supports pupils to recall their multiplication and division facts in a fun and enjoyable way. You can learn more about it [here](#).

**Years R and 1 have a special invitation to come in dressed as robots as we launch Numbots in these year groups.** Please be as creative as you want with this theme - it can also be as simple as you like!

Numbots is a great way for children to learn all about addition and subtraction and become fluent in these skills. It is suitable for children aged 5 and over, and can even help some of our children in the junior school secure their number facts.

Although we will not be asking for donations on the day, we recognise the important work that the NSPCC do to safeguard children.

**Any families who would like to donate to the NSPCC can do so via their [website](#).**

Many thanks

Miss Dawkins and Mrs Chandler
