Dear Parents and Carers,

I hope this letter finds you well and you're excited for the winter break. We all know the benefits of reading with our children - strengthening their vocabulary, improving their comprehension skills, and cultivating a lifelong love for learning. That is why I am thrilled to inform you about access to the SLS online library, a treasure trove of hundreds of eBooks and eAudiobooks that cater to various age groups and interests.

Here are a few reasons why diving into the online library with your child can be a valuable experience:

Quality Time: Reading together creates precious moments for bonding. It allows you to share experiences, discuss themes, and explore the vast realms of imagination as a family.

Digital Literacy: In today's digital age, embracing online resources fosters digital literacy skills in your child. Navigating eBooks and eAudiobooks helps children become comfortable with technology while engaging with literature.

Variety of Choices: With an extensive collection of titles, the online library ensures there's something for every taste. Whether your child enjoys adventure, fantasy, or educational reads, the platform caters to a wide range of interests.

Convenience: Accessible anytime, anywhere, the online library provides the flexibility to weave reading into your daily routine.
